

RPD-1151-1158

RPD-1151/1158

Industrial level 1U 19" rack mount drawer with 15" TFT LCD panel display, keyboard, trackball, and 8 ports KVM switch function integrated

Introduction

The RPD-1158 is an ideal solution for network administration with multiple servers/platforms. Its 15" large size TFT LCD display and industrial level keyboard/trackball provide the user-friendliest and most reliable environment for network administrators. The built-in KVM switch enables easy accessibility to 8 platforms. All these functions are integrated in a 19" 1U space with rugged construction design to achieve ultra space saving and high reliable purpose for high quality industrial/network applications.

Features

- High brightness 15" TFT LCD display support XGA up to 1024x768 resolution
- Built in KVM switch function for easy controlling and monitoring up to 8 residing servers/platforms
- Computer Selection via Front Panel Switches, Hot Keys or OSD.
- LED display for easy status monitoring
- Industrial level keyboard/trackball (Touch Screen Optional for RPD-115)
- OSC function (On Screen Control) for LCD display and KVM Switch
- Power saving and back light protection Function through automatic LCD display power off when not in use

- Tempered glass for LCD panel protection (optional anti-reflection function)
- Compact and rugged 1U construction design (492mm in depth) for harsh environment operation
- Meets EIA-RS-310C & IEC-297-3 specifications

Specification

Material

Heavy-duty steel

Dimension

440mm(W) x 492mm(D) x 44mm(H)

Gross Weight

18kg

Color

Black or beige

Keyboard and track ball

PS/2 84 keys keyboard supporting US, UK English, German, Belgium, Switch, Spanish, French, Italian, Norwegian, Portugal, Finnish and Swedish.

Display

15" TFT LCD panel display
200 nits brightness
OnScreenControll function including: auto adjustment, brightness, contrast, phase, H-V position, frequency, size, and display mode.

RPD-1151/1158

KVM Switch (RPD-1158 only)

8 x 25pin D type female connectors for 8-platform connection (VGA, PS/2 keyboard and PS/2 mouse male connectors at the platform side)

Port selection through front panel switches, hot keys, or On Screen Display

Scan interval: from 3 seconds to 60 seconds (OSD select)

Drawer Design

Full extension high load rating slide rail Total drawer travel distance: 385mm

Power supply

Industrial level Auto-switching power supply for 85V~264V AC input

Security Lock

Front access lock for system security

Ordering Guide

Model Name	Description
